5 ~ 13 yrs old	MPM MATH	Tuesday 16:00-18:00 Wednesday 16:00-18:00 Thursday 16:00-18:00	<p>MPM = Multi Process Model</p> <p>It is a self-learning system personalized for each student. Through the personalized system of learning approach, MPM students optimize their learning independently, with deliberate minimal guidance by the instructor.</p> <p>MPM math is the math enrichment program with additional training in advanced geometry in preparation for secondary schools. The unique presentation of questions and creative multi-model solutions effectively elevate students' level of critical thinking. Students will imaginatively using new ideas instead of only one traditional method to solve math question.</p> <p>The key point in the learning of math is not so much the training of the ability to calculate numbers, but the development of the power to think and solve problem. MPM math aims to improve confidence and inspire independent problem-solving. Children will be able to solve sophisticated math problems using basic skills they have learned. The MPM program develops a positive self-learning attitude.</p> <p>More information @ http://sg.mpmmath.com</p>	\$65/ lesson

Age	Class	Time	Class Detail	Fee
3 ~ 7 yrs old	Jelic Program	Tuesday 16:00-17:00	<p>The JELIC program emphasizes the importance of the little hands of your child for learning and thinking. It helps stimulate the interchange of neural messages between the two hemispheres of the brain. The benefits derived go beyond learning through mere reading and listening. The JELIC program enables your child to:</p> <ol style="list-style-type: none"> 1. Be self-motivated in learning and think independently. 2. Enhance judgement 3. Develop self-management skills, orderliness, motor coordination 4. Widen the concentration span 5. Improve mathematical and logical skills 6. Instigate multi0dimensional and in-depth thinking 7. Unleash creativity <p>JELIC is a set of learning tools for children aged 3 to 7 to develop both hemispheres of the brain. It consists of 450 learning boxes divided in 7 levels, with over 3000 multiple intelligence games.</p> <p>It encompasses 6 domains of learning: Intelligent Reasoning, Mathematical Deduction, Life Skills, Linguistic Capabilities, Aesthetic Creation and Combinational Thinking.</p> <p>Jelic harnesses children's full potential by cultivating and developing both sides of their brains.</p> <p>JELiC program facilitates development of children's Multiple Intelligences, emphasizing on:</p> <p>J Judgment Quotient makes sure that children can distinguish right from wrong. E Emotion Quotient encourages and develops children's positive emotion management. L Logic Quotient trains children's logic thinking. i Intelligence Quotient indicates the intelligence and skills in problem-solving. C Creative Quotient explores the creativity in life.</p>	\$65/lesson
